### Did you know...

- Easter is not held on the same date every year. This is called a moveable feast.
- The popular spring flower the tulip carries a meaning of rebirth since they're among the first flowers to emerge from winter dormancy. They also represent love, belief and forgiveness and—because they're so colorful and somewhat egg shaped—people sometimes associate them with Easter eggs.
- Cadbury began making chocolate eggs in 1875; currently, Cadbury produces 1.5 million creme eggs per day.
